INTERNATIONAL FREIGHT FORWARDING

E.F.R has achieved great competency and experience in the field of international freight forwarding through our strong bonds and co-operation with internationally recognized freight forwarding networks, offering to and fro worldwide destinations ex Myanmar.

CONTAINER TRANSPORTATION

We provide our own 40ft - trailer truck over-land transportation services for both in-town and out-of-town ways with our fleets which are available to fulfil our customer requirements.

BOX TRUCK TRANSPORTATION

We provide our own box trucks which are about 10', 14' & 16' long trucks for customers.

WAREHOUSING AND DISTRIBUTION

E.F.R group is able to provide modern warehouse facilities with competitive rates and the proper warehousing system and inventory management that will fit our customer inventory systems. In addition, EFR transports and helps customers distribute their products throughout the country.

WAREHOUSING SERVICES

- ✧ We are providing Warehousing Services with 3 units facilitating 24 hrs Security and Secured Environment suited.
- ✧ Handling in/out area, 1,000 SqM for storage Textile, Garment Electronic Items etc,.
- ✧ Open Yard Storage - clean concrete flooring about 10,000 Sqft suitable for machineries, marine, oil & gas equipment.
- ✧ Immediate stock/inventory information from our Customize WM System.

CUSTOMS BROKERAGE SERVICES

We are officially authorized for Customs Brokerage Agent executing procedures for import and export shipments with speedy and safe import and export documentation carried out by 26 years experienced staffs.

INSPECTION

Currently the garment industry in Myanmar has just started to bloom and in order to attain sustainable quality of “Made in Myanmar” products E.F.R has implemented a quality control center to fill in the quality requirements in the Myanmar garment industry. We have standardized our inspection procedures in adherence to Japanese standards. Besides the garment inspection services E.F.R is also offering survey and inspection of other trade and transport related items in co-ordination with internationally recognized associations and experts.

LOGISTICS ENGINEERING

E.F.R has linked with international insurance companies and agencies to provide cargo insurance requirements for our customers' import and export customers & shipments. Beside we have insurance coverage for all kinds of logistics modes under E.F.R Group with limitations, therefore we have prepared risk management for all our customers. Available services under Logistics Engineering unit are as following:

- ✦ Design and construction of all kinds of packaging items for logistics
- ✦ GOH (Garments-on-hangers and steel construction works)
- ✦ Construction of factories, plants (Design & Installation) project management and logistics infrastructure
- ✦ Design and installation of mechanical, electrical and piping
- ✦ Project transport management
- ✦ Maintenance Work

We have engineers who are fully qualified to carry out the services necessary to achieve the satisfaction of our customers using state of the art technology and equipment.

LOGISTICS FINANCING

Our customers' order-to-delivery cycle does not always match its cash flow needs, especially as their business grows. That's why E.F.R Group has planned to provide Reasonable Credit Terms and logistics financing services for our customers.

TRADE FINANCING, BANKING AND TRADE FORMALITY SERVICES

E.F.R has an efficient national and international knowledge of Trade Financing, Banking, Export and Import formality services. E.F.R has strong international sourcing and networking expertise and we can help connect buyers and suppliers. We provide trade formality services as well as international trade financing and banking services.
